

SURRENDER TO ME

Do you remember
How you cried when the lights were gone?
How you felt when you were all alone?
How you longed for some lovin'?
Are you tired
Of livin' time in a circle?
Of livin' life with no purpose?
Of livin' with no tomorrow?

Chorus:

Surrender to Me with your heart and your soul
Surrender to Me, I'll make you whole
My love for you will outlast the stars
Surrender to Me, like I surrendered for you

Are you frightened
By a world that won't accept you?
By your mistakes that won't forget you?
By the chance to be someone?
Can you believe in
A love that made this whole universe?
A love that came and He walked this Earth?
A love that died but now is risen for you?

Chorus:
