

# Again

Broken and bruised  
Troubled, confused  
Standing alone in the dark  
I can't seem to dry  
The tears from my eyes  
That flow from the wounds in my heart, but

Chorus: When I'm here at your feet feeling humble  
It is here that my healing begins  
Leaving my old self to crumble  
I am one in your love .... again

Battered and scorned  
Rejected, ignored  
Outcast and trapped by the crowd  
Like a flower that's crushed, and  
Thrown to the dust  
Broken and pushed to the ground, but  
(chorus)

Bridge:  
When I look into your eyes  
Unconditional love is what I see  
For me

Mended, accepted  
No longer rejected  
Dealing with hardships and strife  
I walk in the light  
No fear of the night  
With you as the guide for my life  
(chorus)
