

THE ONE

You are the one my only one
Under the sun, no other one
I think about you every night and day
You're everywhere in every way
When I walk, I walk with you
When I talk, I talk with you
I tell you every little thing I feel
Everything I know is real, cause

You're the one my only one
You're the one my only one

You're in the air, the air I breathe
The sun and moon and mountain streams
You're everything I feel and see
You're in my mind my every dream
When I speak, I speak of you
When I think, I think of you
You're everything I know is real
You're in my life, in all I feel, cause

You're the one my only one
You're the one my only one

I can't imagine — life without you
I can't imagine — life before you
I can't imagine where I'd run to
If not to you

You are the one my only one
Under the sun, no other one
You're everything that makes me whole
You're in my mind, my heart, my soul
You're in the air, the air I breathe
The sun and moon and mountain streams
You're everything I fell and see
You're in my mind my every dream, cause
You're the one my only one
You're the one my only one

You're the one my heart beats for
You're the one my only one
You're the one that I adore
You're the one my only one
