

# HIDE ME AWAY

Psalm 27: 5 - 6

Lately it seems I don't recognize  
The faces I see in my mirror  
There's no place to run, no where to hide  
From the heartache just gettin' nearer  
I'm chasing my dreams on my own, and  
I've wandered along way from you  
I don't understand why you do what you do  
Why you'll take me back home again, to

Chorus:

Hide me away inside your love  
Teach me to stay so close to you  
I don't want to stray anymore from your tenderness, so  
Hide me away inside your love....  
Hide me away

It's no easy task livin' each day  
Tryin' to make the right choices  
Go forward go back, Do this thing do that  
I'm surrounded by loud empty voices  
Whenever I'm spinning confused  
And I feel life is out of control  
You lift me on high, You clear up my eyes, and  
Take me back home again, to... (chorus)

Seasons will come Seasons will go  
But you, you're always the same  
No matter how high, no matter how low  
The earth echoes your name  
No one I know in this world  
Can love me the way that you do  
Come rain or come shine  
My peace of mind's with you  
Back home again, so ... (chorus)
